

Employment Drops By 700,000 In Month

Tobin, Nourse Say Situation Not Alarming

Washington, Feb. 4.—(AP)—Unemployment mounted by 700,000 in January and food prices continued to slide, but two members of President Truman's official family declared today there was nothing to worry about.

Secretary of Labor Tobin said: "While the present level of unemployment bears careful watching, the situation is not alarming."

Dr. Edwin G. Nourse, chairman of the president's Council of Economic Advisers, studied census bureau figures showing that total employment had dropped by 700,000 from December, and told reporters he wasn't alarmed. Nor, he said, was he alarmed by the skidding price of food.

57,500,000 Employed
The census bureau reported that employment stood at 57,500,000 in January, which was 2,000,000 below the December level and 4,000,000 less than last summer's employment peak. The 57,500,000, however, was 265,000 more than the number at work in January, 1948.

To the census statisticians, there is nothing confusing about employment dropping 2,000,000 and unemployment rising only 700,000. They explain that part of the seeming discrepancy comes from persons pulling out of the "labor force," which is the statisticians' term for everybody who is working or trying to get work.

Some of those people had taken Christmas jobs and didn't intend to keep on working. Other were women returning to housework, or youths resuming their education. They simply are non-employed.

An unemployed person, on the other hand, is one who doesn't have a job and wants one.

Unemployment Slacks
Although the census bureau said the unemployment total of 2,650,000 was 600,000 higher than in January, 1948, the labor department said the rate of increase in unemployment has "slackened appreciably." It also said a heavy rise in unemployment after the holiday season is not unusual.

The department reported that about 1,000,000 persons who had been making use of the state unemployment insurance system had left those rolls in the latter part of January. "In most cases because they found jobs again."

Nevertheless, the labor department said that layoffs in industries which usually cut their payrolls at the year's end were heavier than at any time since 1940.

And the census bureau said the decrease in employment in non-farm work was about twice as large as normally occurs at this time of year. It said there has been a curtailment in industries which are not of a seasonal character.

Needs Close Watching
While Nourse, the president's No. 1 economist, emphasized that he is not alarmed by either the employment figures or the sag in food prices, he said:

"These months are very decisive months and anyone who has responsibility is watching things closely."

Today's census bureau figures showed 4,000,000 fewer persons at work than last summer's employment peak. Most of the drop was in non-farm work; but agricultural employment fell off about 600,000.

Nourse said the downward trend in food prices already may have spent its force. He said there normally are adjustments in January and February, and that they are accelerated this time by the effect of last year's bountiful crops.

Dun and Bradstreet's wholesale food price index has dropped this week to \$5.88, the lowest since OPA was ended in October, 1946. The \$5.88 figure was 20.1 per cent below last July's record high. The index represents the total cost of a pound each of 31 foods.

Burglar Didn't Wait For Proof

Hillsdale, N.J., Feb. 4.—(AP)—"Hand me my gun, dear," said William Dubin early today, "so I can shoot him."

His wife was asleep, and Dubin had just been awakened by the sound of someone shuffling around the bedroom in their home.

Dubin, a Newark lawyer, made his histrionic talents pay off, because the intruder fled—but quickly.

"What gun?" his wife asked sleepily a moment later.

Dubin never owned one, but he's thinking of buying one now.

KILLED BY TRAIN
Forrest, Ill., Feb. 4.—(AP)—Robert Smith, 29, a Forrest farmer, was killed today when his automobile was struck by the Wabash railroad's northbound "Banner Blue" passenger train at a crossing a mile south of here.

West Stops All Trucks Bound For Russian Zone

Berlin, Feb. 4.—(AP)—The western allies hit back at the Soviet blockade today with a new counter move aimed at stopping all truck traffic from the west into the Russian zone of Germany.

The action, an open retaliation for the Soviet ring around western Berlin, may effect even the Russian satellite nations of eastern Europe.

(Diplomatic sources in Washington said the United States has laid down new and more rigid terms for settlement of the Russo-Western dispute over Berlin currency. These sources said the terms are stated in a U.S. proposal submitted to a group of United Nations experts. They provide for continued circulation of western marks in the western sector of the city, pending the outcome of efforts to restore four-power rule. Russian marks would continue to circulate in the Soviet sector.)

U.S. and British authorities announced that, effective next Sunday, the Bizonal area will be closed to all highway freight shipments destined for the Soviet zone.

Most railway freight traffic was halted last fall.

The U.S.-British order affects truck shipments by such neighboring countries as France, Belgium, Denmark, Holland, Switzerland and Luxembourg. Particularly affected is the Holland-Czechoslovakia trucking line which operates between major cities in The Netherlands and Prague. It cuts across western Germany.

The only exceptions to the ban, the announcement said, will be passenger vehicles and those trucks returning from trips undertaken before the announcement was made.

Under the ban, no western materials or individuals can pierce the blockade except by the Allied Airlift which costs \$2,000,000 a week to operate. Supplies totaling 6,640 tons were flown in today—the fourth highest tonnage figure since the airlift began June 28.

As for rail shipments from the west, an American official explained they had, to a large extent, been stopped last fall. Evaders then resorted to trucks as a substitute. The new allied action was designed to plug up that leak.

This official said a considerable amount of goods travel by truck into Czechoslovakia and wind up in the Russian zone of Germany, sometimes even in the Soviet sector of Berlin. Any estimate of the amount, however, would be a wild guess, he said.

Meanwhile, talk was heard in the Capital about providing sufferer fines for infractions.

The Illinois highway police said today several per cent of trucks checked Thursday were found overloaded. Arrest tickets were given drivers: of 208 of 2,743 trucks inspected.

On Monday, first day of the crackdown, police reported nearly 24 per cent of vehicles stopped carried illegal loads. The percentage tapered to 17 on Tuesday, and 14 on Wednesday.

The Illinois highway traffic problems commission yesterday recommended increased penalties for violations.

**Ryerson, Public
Aid Commission
Chairman, Resigns**

Springfield, Ill., Feb. 4.—(AP)—Edward L. Ryerson, Chicago industrialist and civic leader, today ended nearly 10 years as chairman of the Illinois public aid commission.

Governor Adlai E. Stevenson "reluctantly" accepted Ryerson's resignation, saying he had rendered an "outstanding public service."

In his letter of resignation, Ryerson said he wanted to quit for some time because of "other obligations."

He added he held the post "as long as I think it desirable for anyone."

Stevenson announced that Frank L. Sulzberger of Chicago, commission vice chairman, would take over Ryerson's duties temporarily.

The commission supervises aid grants to the aged, blind, needy children and those on general relief rolls.

Joseph E. Knight Appointed To Post In Insurance Dept.

Springfield, Ill., Feb. 4.—(AP)—Governor Adlai E. Stevenson said today he would switch Joseph E. Knight of Dow, one of his administrative assistants, to a state insurance department post.

Stevenson announced he would appoint Knight as temporary head of the department's small loans and bail bonds division. The change will be effective Feb. 15.

In his new job Knight will succeed William Murphy of Chicago, whose resignation was accepted today by insurance director Harry Hershey.

Murphy, an appointee of former Republican Governor Green, has been small loans supervisor since August, 1941.

As an assistant to Stevenson, Knight handled some patronage matters.

TRUMAN REJECTS TALKS**
Moscow, Feb. 4.—(AP)—The Russian people were told today that President Truman had rejected peace talks with Prime Minister Stalin.

GOP Senators Demand Clark Explain Presidential Power

Washington, Feb. 4.—(AP)—Republican Senators demanded today that attorney general Tom Clark personally explain his assertion that the President has power to handle a national emergency strike without the Taft-Hartley injunction club.

Republicans heatedly dispute Clark's opinion. Senator Taft (R-Ohio) declared he would like to have Clark before the Senate labor committee which is writing new labor legislation. Senators Donnell (R-Mo.) and Morse (R-Ore.) put it in the form of a request before the committee.

Chairman Thomas (D-Utah) said any decision about requesting Clark to testify is up to a subcommittee composed of Senators Murray (D-Mont.), Pepper (D-Fla.) and Morse. Thomas said personally he is not in favor of it because of precedent. He

apparently meant that the attorney general is the legal adviser only to the executive branch of the government. Taft also remarked that precedent might have to be considered.

The attorney general's office said Clark has no comment on the development.

Clark has submitted his statement in lieu of an appearance. His view that Mr. Truman has inherent presidential powers to deal with a work breakdown threatening national safety—without having it spelled out in the law—was endorsed by the President.

Taft said flatly there is no such power in presidential authority to get a court injunction. This power is specifically stated in the Taft-Hartley labor law which the Ohio Senator is battling energetically to salvage.

Mr. Truman proposes to substitute a 30-day voluntary cooling off period for dealing with such national welfare strikes, throwing out the Taft-Hartley provision for asking an 80-day injunction against a strike. The committee is working on the administration's bill which would repeal the Taft-Hartley law and start all over with its predecessor, the Wagner act, in an amended form.

Believe Greek Red Leader Executed By His Own Party

Athens, Feb. 4.—(AP)—The communist "free Greece" radio announced tonight Markos Vafiades has been relieved of his political responsibilities and the broadcast was officially interpreted here as meaning the veteran guerrilla leader is dead.

A spokesman for the Greek army's general staff said the broadcast confirmed general staff suspicions that the communists have executed their slim, Turkish-born field commander for his failure to conquer Greece.

Markos, 43, has been "seriously ill" for several months, the broadcast said, and he was relieved by the central committee of the Greek communist party. It said he could not carry out the important tasks assigned him.

The announcement did not mention a successor.

Eight days ago the communist radio broadcast new peace proposals, saying the Markos "government" was prepared to send representatives to Athens if the national government accepted. Greek government authorities rejected the proposals, which included ending the U.S. aid, as "sheer propaganda."

Washington Court Rules Vet Bonuses Unconstitutional

Olympia, Wash., Feb. 4.—(AP)—A \$100,000 state bonus for Washington veterans of World War II was ruled unconstitutional today by the state supreme court.

In an unanimous opinion, the tribunal held the bonus initiative approved by the voters last November was unlawful because:

1. The indebtedness to be incurred is in excess of the \$400,000 debt limitation fixed by the state constitution.

2. Bonds to pay for the bonus would mature in 30 years instead of not more than 20 as provided by the constitution.

3. The ballot title was not sufficiently broad to make the bonds—if they had been constitutional—a general obligation of the state.

The state bonus would have provided \$15 a month for overseas service and \$10 a month for state-wide service for more than 200,000 veterans.

Urges Slum Area Dwellers Start Farm Movement

Washington, Feb. 4.—(AP)—A "back to the farm movement" for city slum dwellers was urged today by Chairman Maybank (D-S.C.) of the Senate banking committee.

"I think we might be able to do a better job on housing if we moved more people out of the city slums to rural and country areas," Maybank said. "The land there is cheaper and we could save a lot of money by building up rural homes and rural areas."

Maybank's suggestion came as administrator Raymond M. Foley of the housing and home finance agency gave "wholehearted support" to a two long range housing bills pending before the Senate committee.

These call for expanded federal aid in building and financing homes, clearing slums, and constructing 1,050,000 subsidized low-rent dwellings in the next seven years for low income families.

Maybank's letters proposed the bill be amended "so that the architect of the United States would be authorized to consider and accept such proposals as that made by the Navy club."

The club's offer was announced by Thomas A. Keegan of Rockford, Ill., national commandant of the organization for 1948, and K. A. Groff of Rockford, national ship's writer (secretary) for 1949.

CAL P. AUSTIN DIES
Erlingham, Ill., Feb. 4.—(AP)—Cal P. Austin, former president of the Illinois division, Travelers Protective Association, died today of a heart attack. He was a life-long resident of Effingham and president of the local post of the TPA.

Mindszenty Recants Human Frailty Letter

Canton Becomes New Capital Of Nationalists

Canton, Feb. 4.—(AP)—This south China city, whence Generalissimo Chiang Kai-Shek sprang to national power 23 years ago, becomes the reluctant host Saturday to what remains of his refugee regime.

Chiang himself sits 700 miles away at his native Fenghua, driven into uneasy retirement Jan. 21 by the Communist victories in the civil war.

Acting President Li Tsung-jen remains in the official capital at Nanking, his efforts to negotiate a nationwide surrender to the Reds still fruitless.

Premier Sun Fo and Foreign Minister Wu Te-cheng came to Canton Friday afternoon. A government spokesman declared the cabinet and foreign office definitely would resume their official functions Saturday, making this the provisional capital.

There was as yet little semblance of an operating government.

The United States and almost all other foreign ambassadors except the Russian have remained in Nanking, sending only ministers or counselors to Canton.

Technically, the capital is determined by the president's legal residence—and Li Tsung-jen opposed the move to Canton and remains in Nanking. The foreign office in Nanking, however, ceased accepting official papers as of Thursday, directing them instead to Canton.

Canton and its province of Kwangtung were welcoming the newcomers with none of the enthusiasm that accompanied creation of the government here in 1925 and Chiang Kai-Shek's successful northern expedition of June 9, 1926.

Gov. Hsueh Yueh has said he was not informed of the government's plans and intended in any case to lead four southern provinces in a bitter-end fight against the Communists.

This corresponded with belief expressed by observers in Nanking and elsewhere that a long period of stalemate was ahead; that the Reds probably could take Nanking and Shanghai almost without a struggle, but still must face the prospect of a long war for south China.

Reports Accidents On Farms Cost U.S. \$1 Billion Yearly

Chicago, Feb. 4.—(AP)—Farm accidents cost nearly a billion dollars a year, a safety official said today.

Maryann Coe, Chicago, director of the National Safety Council's farm division, told the national conference on rural health that accidents to farmers "cause enough lost time in a year to produce more than half the average annual wheat crop in the United States."

Coe was a participant in a panel discussion on environmental hazards of farm life. He said there were about 19,000 accidental deaths a year on American farms. More than a third of these, he said, occur in the farm home; approximately a quarter more are farm work fatalities, and a large proportion of others are motor vehicle mishaps, including those associated and not associated with farm work.

"Agriculture is far behind most of the other groups in safety endeavors," he said. "A farm safety program means changing some of the basic habits of 27,000,000 people. But such a program can bring results."

Shah Of Iran Hurt In Assassination Try By Reporter

Tehran, Iran, Feb. 4.—(AP)—The Shah of Iran, 29-year-old Mohammad Reza Pahlavi, was shot at five times today by a newspaper reporter and escaped with slight injuries.

Martial law was declared immediately.

The attempted assassination took place as the Shah was entering Tehran university to take part in the anniversary celebration of the university's founding.

Fakhr Raiee, the reporter, fired five shots. One went through the Shah's cheek and upper lip, another through his side and three into his hat.

An official communique issued shortly afterward said the Shah was only slightly injured.

Seeing the attempt to assassinate the monarch, a crowd which had gathered for the festivities grabbed Raiee and beat him severely.

Find Stabbed Body Of Girl Missing Since January 26

Aliquippa, Pa., Feb. 4.—(AP)—The fiendishly stabbed body of pretty 15-year-old Margaret Brankowski, missing from her nearby Ambridge home since Jan. 26, was found late today on a dump pile near here.

The dump is just across the Ohio river from Ambridge. The communities are 15 miles northwest of Pittsburgh.

Margaret, a high school sophomore, was last seen the evening of Wednesday, Jan. 26, when she left home to visit a school friend.

A day after Margaret's disappearance a bartender at an Inn several miles from here said Margaret and a man entered his establishment. He added that he refused to serve the girl because of her youth and that she and her companion left. He reported the incident to police after he had seen Margaret's picture in a newspaper.

Police said the bartender's report was the only clue they had to the brutal slaying.

Says He Sees Things In New Light Now

Budapest, Hungary, Feb. 4.—(AP)—Josef Cardinal Mindszenty renounced today a letter he wrote before his arrest saying that if he ever admitted guilt it would be because of human frailty.

The cardinal told the five-man people's court also that he wishes to repay Hungary in full for any damage caused through illegal sale of thousands of dollars he is accused of receiving from the United States and the Vatican.

The Communist-dominated government finished outlining the charges of treason, espionage and black market dealings against the Roman Catholic primate and his six co-defendants late today; the second day of the trial.

Esterhazy Denies Treason Charge
The statements of all defendants were completed. Duke Paul Esterhazy entered a plea of "partly guilty," but denied the treason charge, as have the cardinal and the cardinal's secretary, the Rev. Andras Zaker.

The others pleaded variously to the general indictments, but admitted black market money dealings.

The first witnesses were heard.

The dramatic break of the day came with the reading by the prosecution of a brief letter written by the cardinal, saying that if he ever said the government's charges against him were true, it would be because of "weakness of the flesh."

"I want it to be considered null and void," he told the court.

Broadcasted By America
The letter, broadcast to Hungarian radio listeners for the last two weeks by the Voice of America, said there was no personal freedom in Hungary and warned other clerics Cardinal Mindszenty might be arrested.

Judge Vilmos Olthys read a statement declaring the cardinal responsible for a big loss to the Hungarian state in illegal money dealings. The statement said he received \$141,000, of which only \$4,000 was exchanged legally.

"To that statement," the cardinal replied, "the amounts received and disposed of by Catholic Action (a lay organization) and myself are placed together. I ask that this be divided properly into my part and that of Catholic Action because, with all I possess, I wish to repay the damage I have done the Hungarian state."

Vatican Blasts Reds
(The Vatican City newspaper L'Osservatore Romano said the trial had taken on "the pathological character" of the Communist judicial system from the first, when "the accused admits everything, confesses everything." Cardinal Mindszenty resisted all blandishments and threats for years, Osservatore said, and "it revolts the reasoning and the conscience of the world for a bishop, a cardinal, a confessor of his faith x x x to admit everything now, when to yield would not have been more harmful than to resist."

Ferenc Nagy, self-exiled former premier of Hungary who now lives in Virginia, said he was convinced Cardinal Mindszenty was tortured after his arrest, and then "reconditioned" for the trial so there would be no visible signs.

Admits Writing Letter
When the disputed letter came up, presiding Judge Vilmos Olthys asked: "Did the cardinal admit writing the letter?"

Cardinal Mindszenty rose from his seat in the dock, strode to the amplifier hanging in front of the judge's bench, and said he had changed his mind about things in Hungary. He spoke firmly and clearly.

"I wrote this letter sometime in November, 1948, with instructions that it be forwarded to the bishops and archbishops of Hungary on the day I was arrested," the cardinal said. "That is what happened."

"Now I want to state that I see things differently from then, when I drafted the letter, and I want to repeat what I said yesterday—that I regret my error. I want it to be considered that the letter is null and void."

VALUABLE ANTIQUES DESTROYED BY FIRE

AS PREDICTED, SOVIET "PEACE
OFFENSIVE" BEGINS IN EUROPE

Two months ago Leon Dennen predicted, in an NEA dispatch, from Paris, that the Kremlin would launch a "peace offensive" in western Europe and turn its attention to the Far East. It is evident that this prediction was based on accurate knowledge, and that it is now in the process of coming true.

A couple of Moscow's favorite sounding boards, Marcel Cachin of France and Palmiro Togliatti of Italy, have been given the job of announcing the latest party-line switch. It is a radical switch, but by no means unfamiliar. The comrades' tone is suddenly mild. War between communism and capitalism is not inevitable, they say. Complete collaboration between East and West is possible, and so on. Meanwhile, the Communists are winning the civil war in China. Russian activity has been present, but not obtrusive, in that struggle. The Chinese Reds have been helped by concessions won by Russia after Japan's surrender, and by Japanese arms left behind by the Russians. But for a long time the Kremlin apparently hoped, by remaining in the background, to foster the misconception that the Chinese Communists were not part of the world apparatus of Marxism, but simply agrarian reformers.

It was only toward the close of the Chinese war, when victory seemed assured, that the Red leaders proclaimed their allegiance to Russia and began parroting Moscow's attacks on western democracy. Once the Communists have taken over the Chinese government, as seems inevitable, we may expect to see more Russian activity in that country.

The Communists have a big job ahead. Even the Chinese find it hard to conquer China. But China can be a tremendous prize for the disciples of Marx and Lenin. If they can keep their promises, improve the people's lot, build strength and win widespread domestic support, communism will be in a position to control half the northern hemisphere.

But this will take a lot of work, and a lot of help from Russia. The Soviet government, like our own, can only do so much.

So it is conceivable that if the Kremlin is going to do all out to consolidate its agents' gains in China, it must ease the pressure on the west. Its evident purpose is twofold: to free money, men and thought for the problems of Asia, and to lull America into a false sense of security which will prompt this government to curtail Marshall Plan spending in Europe.

The second part of the evident purpose, as illustrated by the newest "peace offensive," is incredibly naive. It betrays again the Russian leaders' persistent ignorance of our national intelligence. Americans are fairly well acquainted by now with Communist purposes, as revealed by the Communists themselves. They know something of Marx's theories, Lenin's precepts and Marshal Stalin's practices, all of which add up to bitter hatred of capitalism and democracy and to the goal of world revolution.

It is a pity that the word "peace" must still be inclosed in quotation marks when used in connection with the Soviet Union. America wants peace, tranquility and security. It does not want to go on spending billions to protect other lands from communism. But until there is evidence of a deep revolutionary change in Soviet purposes, the Kremlin's peace overtures cannot safely be taken at face value.

HAYLIFT PLUS

(From The Christian Science Monitor)
Feeding of snowbound cattle by airplane has captured the imagination of the American public. The air force merits warm appreciation for the effective job it has done in saving thousands of storm-starved animals. But now it is clear that the main task must be done by less spectacular methods.

Rather tardily Washington has marshaled other forces, including the army engineers and the snow-fighting equipment of the Fifth Army. One army spokesman says the emphasis now will be on clearing roads, explaining "we just don't have enough planes or time" to feed all the marooned cattle by air. Maj. Gen. Lewis A. Pick believes he has sufficient equipment now to handle the worst situations.

Some areas have been snowbound for more than a month. Doubtless if the length and intensity of the storm could have been foreseen, more vigorous measures would have been taken to mobilize the snowplows, bulldozers, and "weasels" now concentrated in Nebraska and South Dakota. It is shocking that with all our marvels of mechanization whole states should be nearly paralyzed for weeks by an extra blanket of "white stuff."

Planes will continue to serve outlying herds. But too much was expected of them. Better plans should have been developed for keeping the usual channels of supply open. The experience throws light on another problem—national defense. There, too, plans alone are not enough.

Bond Furnished
By Manslaughter
Case Defendant

Jerseyville.—Verlin W. Summers, charged with manslaughter, waived preliminary examination here Thursday before Justice Arthur Thatcher. The charge against Summers arises out of the death of McVie Down- ing, alias Connie Brown, who died Monday night allegedly from injuries received in a fight with Summers at the Greenleaf inn in Jerseyville Saturday morning.

An inquest into the death of Brown was held in Alton Wednesday night by Coroner Staten of Madison county and the jury made a recommendation that Summers be held for grand jury action.

Summers was arrested here Monday night by Chief of Police Henson

following the death of Brown and a charge of manslaughter was filed against him Tuesday morning by Sheriff C. E. Wedding. He was arraigned Tuesday and bond for further examination Feb. 11 was set at \$10,000.

The bond for grand jury appearance was fixed Thursday morning by Justice Thatcher. The defendant was later released on bond furnished by his parents, Mr. and Mrs. Fergus Summers, Edward Malmore and Lloyd Weller, all of Jerseyville.

Children's Dental Health Day Set For Next Monday

(One of a series of articles prepared by the Morgan County Dental Society.)

February 7 and every day should be National Children's Dental Health Day.

Much publicity has been given to methods for prevention of tooth decay. Many people wonder if there is anything they can do personally to prevent this condition. There very definitely is! This series of three articles will, it is hoped, answer this question and summarize the methods of preventive dentistry.

The best method of prevention is through a thorough understanding of the cause. During the past few years dental research has revealed that dental caries (tooth decay) is a chemical mechanism. The actual process of decay is caused by the action of bacteria on the sugars and starches that remain between the teeth and in the crevices of the teeth after the food is swallowed. It has recently been shown that these acids form very rapidly and are in greatest concentration five to twenty minutes after eating sugars and starches. They may continue to be produced in sufficient strength to damage the teeth for about ninety minutes. A certain acid forming microbe called Lactobacillus acidophilus is the offender. It is intimately connected with tooth decay.

If you are very susceptible to decay, the number of these bacteria in your saliva would be very high. If on the other hand you were immune to decay, the count would be very low. In other words, this bacterial count is considered the accepted index of decay activity in the individual mouth.

Now looking back, we see that there are two requirements for tooth decay: one is the presence of sugar and starches upon the tooth and the other is the acid-forming organism. To prevent dental decay we must eliminate either one or the other, or both of these causative factors. To do this it is necessary to conscientiously refrain from eating carbohydrates. This in turn will reduce the bacterial count in the mouth. This method is actually one of starving these bacteria by not supplying them with the nourishment they require for life.

A decayed tooth is a sick tooth. Not all decayed teeth are painful in the beginning. If neglected, however, a decayed tooth will become painful in time. The only method of saving decayed teeth is to have fillings placed where decay exists. But remember, most tooth decay can be prevented.

A discussion of the topical application of Sodium Fluoride will be given in a broadcast Monday, Feb. 7, at 1:45 p.m. by Dr. R. P. Templin and Dr. J. L. Bunch. The Morgan County Dental society is sponsoring these talks and a series of newspaper articles, the next of which will appear soon.

Warts are believed to be caused by infection. Some authorities believe they are slightly contagious.

Illinois College Will Mark Founders' Day

Founders' Day will be observed at Illinois College with a special service next Tuesday morning, Feb. 8, in Jones Chapel. The speaker will be Rev. Richard Paul Graebel of the First Presbyterian church of Springfield.

All students and the public are invited to the service beginning at 10:45 a.m.

The program will include: Organ Prelude—Mrs. Ralph Hutchison. Hymn—"Our God, Our Help in Ages Past." Scripture Reading—Hebrews 11. The Prayer—Chaplain Daniel E. Kerr.

Choral Number—"God Is With Us." A. D. Kastalsky, Illinois College Chorus.

Statement of the President—President H. Gary Hudson. Choral Number—"Let Us Now Praise Famous Men"—L. Vaughn Williams, Illinois College Chorus.

Address—"Education for Defeat." The Rev. Richard Paul Graebel, D.D. The Alma Mater. Benediction. Organ Postlude.

The first meeting of the Board of Trustees was held on December 18, 1829, in the south room of the first floor of Beecher Hall among the shavings and carpenter's benches of the unfinished building. At this meeting the Board of Trustees was organized and the name Illinois College was adopted.

On January 4, 1830, nine young men presented themselves before Professor Sturtevant in "Old Beecher" and instruction in Illinois College began. Illinois College was chartered along with Shurtleff and McKendree Colleges, on February 9, 1835. At the following Commencement two men, composing the first graduating class, received their degrees.

Warren Beebe, 101, In Hospital For Care, Treatment

Carrollton—Warren Beebe, Greene county's oldest resident, who was 101 years old January 5th, 1948, entered Boyd Memorial hospital Jan. 30 for treatment for the infirmities of old age. Beebe has been a patient in the hospital earlier this winter suffering with a severe cold. He and his brother, Frank Beebe, make their home together near Eldred and the two were well known Greene county farmers in their youth.

Other patients entering the hospital for medical care are Mrs. Roy William, George Crawford and William Netson of Kane, the latter having already been dismissed; Mrs. Alois Goetz of Kampsville; Dickie Pohlman, George Robinson, Oscar Ruyle, Otto Bick and Richard Chapman of Carrollton; Mrs. Luther Rickey of Greenfield and Mrs. Willie Seago of Eldred.

Robert Schnellen underwent an appendectomy Sunday in the local hospital.

Babies born during the week were a son to Mr. and Mrs. Ronald Lansaw of this city, Mrs. Lansaw being the former Josephine Laris; a son to Mr. and Mrs. Leo Grummell of this city; a daughter to Mr. and Mrs. Morrison Skinner of Jerseyville and a daughter to Mr. and Mrs. Harold Bryant of Elsie.

George Washington was the oldest son of Augustine Washington by a second wife.

ECA Farmhouse Keep 'Em On Farm Italy's Food Output Is Boosted By Building Homes

Outside his new home, built with the help of ECA funds, an Italian farmer ploughs his fields while his daughter (left) plays in the furrows. By putting the farmer's home where his farm is, U. S. experts are changing the time-wasting Italian rural picture below.

By NEA Foreign Service

Rome, Italy — (NEA) — If you want to keep the farmer down on the farm, the best thing to do is build him a farmhouse.

That simple explanation was discovered by the Economic Cooperation Administration experts in Italy and has resulted in a tremendous boost to Italian food production.

When the ECA experts arrived to help Italy increase its farm output, they were at first amused by an ancient custom found in all Italian rural areas. The farmers all lived together in small hilltop villages. Each morning they walked four or five miles to the fields carrying their own tools, and each night they plodded wearily home.

An investigation revealed that this custom actually wasted two or three hours of daylight work per day, per farmer. It was a needless waste of energy for the farmer.

Multiplying by all the farm workers in Italy, the loss of two to three hours a day meant a staggering loss to Italian food production.

After this important discovery the solution to the problem became obvious. Give the farmers homes on the farms.

And that is what ECA is in the process of doing. With its funds it is helping Italian farmers in all areas build homes on their land.

Already excellent results are showing. Without their unnecessary daily commuting to work on foot they are better homes which they are getting and the generally improved work-

These are "rural commuters"—Italy's hilltop farmers for whom the ECA is building new homes to boost Italian food output. Their daily four or five-hour hike to and from the fields was found to be wasting precious daylight farm hours.

conserved their strength. Getting the Italian farmer to abandon the custom of hilltop living was at first difficult. But the better homes which they are getting and the generally improved work-

ing conditions have completely sold them on the value of living on the farms.

This simple contribution by the ECA experts is well on its way to revolutionizing Italian farming.

Future Farmers To Compete in Judging Contest

Carrollton—Carrollton Chapter 9, F.F.A. will be host to Section 15 Grain and Poultry Contest Saturday Feb. 5th. Approximately 150 FFA members will be present with 15 to 20 FFA chapters having teams participating in the judging contest.

A poultry judging team is composed of four FFA members and each school is to have a poultry judging team, each team to judge 8 rings of laying hens as to their ability to produce eggs. A grain judging team is made up of six FFA members and each school will have a team and each team will judge samples of wheat, oats, soybeans, corn, timothy, clover and a ring of weeds to identify plus a ring of crop seeds to identify.

Last year the Carrollton FFA Chapter won the fifth place ribbon among 25 competing schools in Section 15.

Cass County Man Is Arrested on Narcotics Charge

Taylorville, Feb. 4—James Madison of Beardstown, was arrested in Taylorville Wednesday and turned over to federal authorities in Springfield on a charge of violating the narcotics law.

Madison has been making regular calls in a local drug store to have a prescription for drugs filled, police said. The prescription appeared to be in order and was signed by a physician in Meredosia officers said.

On a recent call, the suspicion of the druggist was aroused when the prescription bore no date and the matter was reported to the superintendent of the Chicago office of the narcotics division. An agent was sent from Springfield to the local drug store to wait for Madison, but the agent had returned to Springfield when Madison appeared and Taylorville police arrested him.

SETTING A NEW WORLD STANDARD OF LOW-COST MOTORING

CHEVROLET

is the only car bringing you all these fine-car advantages at lowest cost

The Most Beautiful BUY for STYLING

Chevrolet's New Leader-Line Styling is lower, wider, rarer—the most beautiful development of the new "functional form" for motor cars... with new Beauty-Leader Bodies by Fisher that are true masterpieces by the master builder of fine coachcraft, in styling, in fastness and fabric, and in alluring color harmonies.

The Most Beautiful BUY for COMFORT

The new Chevrolets have Super-Soft interiors with plenty of head, leg and elbowroom; extra-soft, extra-comfortable "Five-Foot Seats"; and giant luggage space in rear decks. Moreover, these are "cars that breathe," for a highly-efficient heating and ventilating system inhales outside air, exhales stale air and keeps glass clear in all weather. Heater and defroster units optional at extra cost.

The Most Beautiful BUY for RIDING EASE

A new, even finer Unitized Knee-Action Ride, combined with new direct-acting airplane type shock absorbers on all four wheels and extra-low pressure tires, provides the highest degree of riding-smoothness; and new Center-Point Steering, with front and rear seats centered on the chassis, gives all passengers a preferred riding position—true cradled comfort—and much easier entrance and exit, as well.

The Most Beautiful BUY for DRIVING EASE

New Center-Point Steering (available elsewhere only in much higher-priced cars); new Panoramic Visibility, with wider, curved windshield and more window area "all-round"; and new Hand-E-Guardshift with Synchro-Mesh Transmission—all combine to give a degree of driving ease and driving safety exclusive to this one low-priced car.

The Most Beautiful BUY for PERFORMANCE with ECONOMY

The famous Chevrolet Valve-in-Head Engine gives a world of power, acceleration, smoothness and dependability... together with all of Chevrolet's remarkable economy of operation and upkeep... and this is the world's champion engine, mind you, for it has delivered more miles of satisfaction, to more owners, over a longer period, than any other power-plant built today.

The Most Beautiful BUY for ALL-ROUND SAFETY

Here's fivefold safety protection found in no other low-priced car: (1) New Certi-Safe Hydraulic Brakes providing even faster stops with safety; (2) Extra-Strong Fisher Unitized Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the extra-safe Unitized Knee-Action Ride. Yes, only this new Chevrolet brings you all these advantages at lowest cost; and that's why it's the most beautiful buy of them all; from every point of view and on every point of value.

Plus

NEW CENTER-POINT DESIGN

A remarkable 4-way engineering advance exclusive to Chevrolet in its field, and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension gives the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. That means a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Remember—only new Center-Point Design can give you all these finer motoring results; and only the new Chevrolet brings you Center-Point Design at lowest cost!

...in all these features and in all these ways!

Look at this new Chevrolet, inside and outside! Consider it from every point of view and on every point of value!

We believe you'll agree it's the most beautiful buy for smartness and distinction, for comfort and roominess, for driving and riding ease,

for performance and safety... because it offers feature after feature of costlier cars at the lowest prices and with all the economy of operation and upkeep for which Chevrolet is famous.

You'll find that now more than ever before Chevrolet merits the title of being "first for quality at lowest cost"; and that it is, indeed, the most beautiful buy of all, in all these features and in all these ways.

Doris Ford Weds Francis L. Hodapp Here Thursday

In a lovely candlelight wedding ceremony which took place Thursday afternoon at 4:30 o'clock, Miss Doris Ford, daughter of Mr. and Mrs. Frank Ford of Greenfield, became the bride of Francis L. Hodapp, son of Mr. and Mrs. Frank Hodapp of Greenfield.

The vows were pledged in a double-ring ceremony service performed at the rectory of the church of Our Saviour by the Rev. John Morris, before an altar adorned with ferns and candles. The bride was costumed in a rose-bleu suit with coffee shade accessories. An orchid corsage completed her ensemble. Mrs. Selma Pfeil, her only attendant, wore a green gabardine suit with black accessories and a corsage of Johanna Hill roses. Mr. Hodapp was attended by his brother-in-law, Raymond Boente of Carlinville. Both wore dark suits with white carnation boutonnieres. Following the ceremony a reception was held for the attendants and relatives at the Dunlap Hotel.

The bride's mother chose a black dressmaker suit, with white accessories for her daughter's wedding and Mrs. Hodapp wore a black crepe dress. Both wore corsages of red roses. Mrs. Hodapp is a graduate of the Greenfield High School and Harding-Brown's Business College. She has held a position as secretary to Dr. Mary L. Newman for the past three years. Mr. Hodapp also graduated from the Greenfield High School and is in business with his father. Upon their return from a short wedding trip they will make their home in Greenfield.

Body of Soldier Killed in Europe Arrives Tonight

The body of T/S George S. Smith, who was killed in action in Germany on April 8, 1915, arrived in Jacksonville Friday at 5:10 p.m. on the Gulf, Mobile & Ohio railroad. It was taken to the Williamson Funeral Home. Sergeant Smith was in the armed forces for three years and was in the Seventh Army at the time of his death. He was first a member of the coast guard and was later transferred to the infantry, receiving his training at Camp Vandorn, Miss. Sergeant Smith was born Oct. 10, 1912, in the Sinclair community, the son of Mr. and Mrs. Charles Smith. He was married to Miss Julia Delaney on Dec. 23, 1930, who survives with a daughter, Frances. They resided at 619 Myrtle street. He also leaves a half-sister, Mrs. Cecil Oxley of Franklin. Funeral services will be held Sunday at 2 p.m. at the Williamson Funeral Home, with the Rev. John Collins officiating. Burial will be in Jacksonville cemetery with veterans organizations in charge of the military burial rites. The family will meet friends at the funeral home from 7 to 9 p.m. Saturday evening.

POLES TIGHTEN BORDER CONTROL
Warsaw, Poland.—(AP)—Poland is tightening her frontier controls. Parliament has just ratified a governmental decree providing three years' imprisonment for "crossing the country's frontiers without the proper documents, or in a place which has not been fixed for the crossing of frontiers." Government authorities have expressed irritation over the landing of American planes over Berlin in Poland with crews lacking Polish visas. The new decree also apparently is aimed at halting the illegal flight of Poles into Czechoslovakia or Germany.

Rolled Veal Breast Brings Unusual Flavor

MENU
Rolled Veal Breast
Candied Sweet Potatoes
Cranberry Sauce
Buttered Green Beans
Orange-Onion Salad
Apricot-Rice Pudding
Milk Coffee

Most every homemaker would jump at the promise of an economical cut of meat for her family—wouldn't you? Then listen to the tale of the rolled breast of veal. Little known—little cost, would be a good way to explain it. Because the breast of veal is not a well-known cut of meat, it's remained in the economy class. So here's your chance to do your budget a good turn and feed the family a good dinner at the same time.

The veal breast is a cut with many characters. In appearance it resembles a "rack" of spareribs for it contains the ribs or "ribslets" as they are called in veal. The breast may be stuffed as you would spareribs, or placing the desired stuffing on one piece of breast, covering it with another piece, skewering together and roasting. Or the cut-up ribslets have many different uses: as barbecued ribslets, in stews, or braised with a fruit, such as pineapple cubes. Still another way to use the veal breast is to have the bones removed and serve it as a boneless cut. In this event, the cavity which contained the ribs may be stuffed with a delicious stuffing, sewed or skewered together, and then roasted. Or it may be rolled, as mentioned earlier. A rolled veal breast has a little more "Sunday dinner" air about it. **Need Minimum Equipment**
To roast a rolled veal breast, you need only two pieces of equipment.

A Regal Sunday Roast

A Sunday roast fit for a king—that's what this rolled veal breast is! And better still, it's a roast that is kind to your type of budget. Veal breast is one of the less familiar cuts of meat, and when rolled and roasted is fine enough for any Sunday dinner.

The same as for any other roast. A shallow, open roasting pan and a rack. These may be a baking pan and a cake cooling rack. If your oven has no temperature control, you should use an oven thermometer to guide you in maintaining a low oven temperature. To this you may also add a roast meat thermometer, though it is entirely possible to cook a good roast without a meat thermometer. First of all, place the roast with its fattest side up on the rack in the roasting pan if the fat coating does not seem adequate you may wish to lay several strips of bacon over the top of the roast to be sure the meat will stay juicy. You will not need liquid in the pan or a cover over the pan, because the roast is to be cooked by dry heat. **Serve Simple Menu**
Now place the roast in a 300 degrees F. oven about 2 1/2 to 3 hours, or until the roast meat thermometer registers 170 degrees F. This indicates that the veal is completely cooked and will be at its best. To complement the veal, serve candied sweet potatoes, a tart cranberry sauce, and buttered green beans. Stuffed pear salad is nothing more than a drained canned pear half, the center of which is stuffed with a cream cheese ball. Apricot rice pudding is an old favorite in new garb—beveled raisin rice pudding with bits of dried apricot substituted for the raisins. All in all, here is truly sumptuous eating at minimum cost.

Convict Greenfield Couple Of Violating School Law; To Appeal

Carrollton, Ill., Feb. 4.—(AP)—Mr. and Mrs. Lincoln Levisen of Greenfield, Ill., were convicted today by County Judge Julian Hutchens of violating the Illinois school law requiring compulsory attendance of able-bodied children. The Levisens' attorneys, Gilbert and Norbert Hutchens, brothers of the judge, said an appeal will be taken directly to the Illinois supreme court since the case involves state constitutional law.

Catholic Press Month Observed By Local Women

Catholic Press Month was observed by Court Our Saviour, Catholic Daughters of America, at its February meeting at the Knights of Columbus club rooms on Thursday evening of this week. Mrs. F. J. Ferry, chairman of Libraries and Literature for the Jacksonville Diocese Council of Catholic Women, arranged a display of Catholic books and periodicals, featuring a collection from the Public Library assembled by Miss Frances Bailey local librarian, and Mrs. Hill Saine, assistant. Periodicals available at the Public Library include The Catholic World, Commonweal, and the Catholic Digest, the last provided by Court Our Saviour. A list of books of interest to Catholics is also available at the library, its latest revisions and additions having been made public at Thursday night's meeting. On April 3, Court Our Saviour will be hostess to all courts in the Springfield and Belleville dioceses at a conference over which Miss Marie Scanlon, state regent from Chicago, will preside. At this time candidates from each court provide a class to be received into the order with a demonstration of the ritualistic work by officers of Court Our Saviour, the court outstanding in the state for its exemplification of the ritual. Anyone in this vicinity interested in joining Court Our Saviour may apply to Miss Resa Walsh, grand regent, 1218 South Clay avenue, before March 1. Mrs. Frances Sellers chairman of hostesses for the social hour which followed the business meeting, was assisted by Mrs. Elizabeth Brohan, Miss Ann Devlin, Mrs. Ann Doolin, Mrs. Mae Doolin, Mrs. Sadye Doolin, Mrs. Dorothy Eoff, Miss Margaret Fitzpatrick, Mrs. Myrtle Hosp, Mrs. Stella Hull, Mrs. Marie Loneran, Mrs. Clara Lyman, Miss Edna O'Connell, and Mrs. Ethel Quinlan.

Bertie I. Welborn Dies Friday At Nursing Home

Mrs. Bertie Irwin Welborn, widow of the late A. H. Welborn, died at 10:45 o'clock Friday morning at the Hardy Nursing Home.

She was born November 12, 1866, in Brown county, the daughter of William and Mary White Irwin. She was united in marriage with Mr. Welborn, December 28, 1892. He preceded her in death in July, 1930. Surviving is one son, Irvin Welborn of Jacksonville and a number of nieces and nephews. Mrs. Welborn was the last of a family of seven, three brothers and four sisters preceding her in death. The family home has been in Jacksonville since 1922, having previously been residents of the Orleans community. Mrs. Welborn was a member of the Pisgah Presbyterian church and was active while a resident of that community. Funeral services will be held Monday afternoon at 2 o'clock at the Williamson Funeral Home, with the Rev. J. W. Boston officiating. Entombment will be in Diamond Grove mausoleum. The family will meet friends at the funeral home from 7 to 9 p.m. Sunday.

Judge Hutchens gave the defense attorney until Feb. 14 to file a motion in arrest of judgement. He did not elaborate on the verdict. Maximum penalty is a \$25 fine. Minimum is \$5. A separate count can be assessed for each day a child is kept out of school. The Levisens were charged with keeping their 7-year-old daughter, Carolyn, out of the Greenfield Grade school. Their attorney argued that the parents were providing necessary instruction, assisted by a correspondence course from a church school. Mr. and Mrs. Levisen, both of whom have college educations, are members of the Seventh Day Adventist church. One of the church's religious principals is that parents should be the teachers of their children. Motions to quash and dismiss were denied by Judge Hutchens Wednesday before the brief hearing was held. It was confined to a document containing facts agreed upon in advance by both the defense attorneys and State's Attorney L. A. Mehrhoff. In denying a motion to dismiss the charge Wednesday, Judge Hutchens said the case is "far reaching." He said that while he had no doubt the Levisens were qualified to teach their child, it would be "catastrophic to assume that any parent could teach any child."

Merle Wade's Boys Take 37 To 23 Win From Jerseyville

Merle Wade's David Prince basketball team kept up its winning ways last night and Jerseyville was the victim on the Jersey county boards. The Junior high outfit took a 37 to 23 cage decision from the Panther cubs.

Scoring was very evenly divided for the local quint, but Beck was a little higher than the rest of the boys with 10 counters. Bauer's 9 tallies was tops for the host club.

This was the second loss for the Jersey county kid cagers in 12 starts. The Wademen have dropped only 1 contest in 13 games.

Griggsville Takes Narrow Cage Win From Arenzville

Arenzville—Griggsville invaded the Raider lair last night and took home a 52 to 48 hardwood decision from the Arenzville quintet.

The host five held a one point advantage at the end of the initial quarter, but the visitors rallied in the second canto and knotted the tally. After the intermission, Griggsville came out strong to take a 10 point lead and then coast in to a narrow win in the last stanza.

D. Wessler, high scoring Arenzville center, led all shooters for the evening with 25 points. Collins was high for the winners with 17 tallies. The Griggsville seconds made it clean sweep for the invaders, taking a 35 to 29 bout from the Arenzville reserves in the preliminary.

Hogan's Back Is Not Hurt Badly, Reports Doctor

El Paso, Tex., Feb. 4.—(AP)—Bert Hogan, the mighty mite of the links, doesn't have a serious back injury, his doctor said today.

The statement came from Dr. Davis Cameron, one of the medical men treating the golf champ for assorted injuries suffered in an auto-bus collision.

Earlier it had been feared Hogan might even have a broken back. But the doctor said there was no fracture.

A bulletin said Hogan should get well rapidly and his injuries should be fully healed in about two months. He is expected to be able to leave an El Paso hospital for his Fort Worth, Tex., home in about two weeks.

Doctors placed a cast today on Hogan's left ankle in which an iron bone is broken. Dr. Cameron said another cast will be placed about his pelvic area, also fractured, in a few days. Other injuries suffered by the golfer include a left collarbone broken at the arm end and a small fracture of the seventh rib on the right.

Hogan's automobile and a Greyhound bus collided early Wednesday near Van Horn, Tex. His wife escaped serious injury.

Kraushaarmen Fall To Winchester 77-52; Hankins Nets 34 Points

Bob Kraushaar's Crimson quint surprised everyone at Winchester last night when they fought Wildcat squad on their home grounds, and gave the Scott county five all they wanted before succumbing in a 77 to 52 high light.

Bob Kraushaar, Crimson coach, described the tussle as a moral victory for his lads. After losing Stan Spotts who graduated in mid-term, the Jacks were not expected to give Winchester much opposition.

Although they fell far behind in the initial canto and had the count doubled on them at haltime, the Jacksonville lads fought to stay in the ball game, and scored 20 points in the last quarter to bring the tally up to 77 to 52 at the final horn.

Reggie Hankins, brilliant Wildcat center, was unbeatable last night. The lanky pivot man swished the nets for 34 tallies during the session. He hit from all over the floor, and Kraushaar used 4 men at different intervals in an attempt to stop the tall lad.

Bill Williams meshed 13 tallies for the local five. The jr. Wildcat crew made it a clean sweep for Scott county, taking the preliminary contest 38 to 27.

Petersburg Drops Ashland Quint In 79 To 61 Fracas

Ashland—Petersburg lowered the boom on the Ashland five last night by dropping the host club on the short end of a 79 to 61 basketball game.

Petersburg took an early lead in the contest and were never headed. The Ashland quintet, Miller's 15, 9 points was high for the winners.

While Berschneider garnered 19 points for the Ashland outfit, the host reserve grabbed a 43 to 41 win from the Petersburg seconds in the preliminary go.

Williams Defends Title Against Bolanos April 21

New York, Feb. 4.—(AP)—Ike Williams, fighter of the year in 1948, will defend his lightweight title at Los Angeles against the No. 1 contender—Enrique Bolanos—for only 72 per cent of the gate to help the Costello Junior Foundation.

The 15-round bout, scheduled for Los Angeles' Wrigley Field, April 21, was closed yesterday when Frank (Blinky) Palermo, Williams' manager, accepted the virtually unprecedented low percentage.

Would Normally Get 40-50 Per Cent.
Only in wartime when champions such as Joe Louis came out of service to donate their entire purses to war relief funds have champions fought for less. Normally he would get between 40 and 50 per cent for risking his own sweat against such a highly rated foe.

When it was explained to Palermo that California regulations governing charity affairs permit only 25 per cent for expenses, he readily agreed to take as low as 12 per cent. Palermo said he was unable to get Bolanos' manager to agree to the same figure.

The low man's slice of 72 per cent, Bolanos, the Mexico City challenger who lost a split decision to Ike last May 25, will get 17 per cent.

Foundation Is Broke
Lout Costello and Bud Abbott, the comedians, will promote the show for the benefit of the Lout Costello Foundation. Costello, the round half of the team, says the foundation is broke and that a "for sale" sign has been posted on the premises, pending payment of an \$80,000 mortgage.

The Foundation provides recreation facilities for as many as 10,000 youngsters in the Los Angeles area, according to Costello. It was founded after the death of Costello's one-year-old son a few years ago.

Three Tilts on Big Nine Cage Slate Saturday Night

Chicago, Feb. 4.—(AP)—The scramble for the Western Conference basketball championship will be resumed tomorrow with high-flying Minnesota, current leader, invading Ohio State in the top attraction of a three-game league program.

The Gophers, with both Jim McIntyre and Whitey Skoog making a two-man runaway race of Big Nine scoring honors thus far, go to Columbus with a record of six league victories and one defeat. The Buckeyes (2-3) are in a percentage tie for fourth place with Michigan (2-2).

In the race for individual honors McIntyre has 112 points and Skoog has 111.

In another top feature, runnerup Illinois (4-1) goes to Wisconsin (1-3) where the seventh place Badgers will attempt to avenge a 62 to 50 setback by the Illini at Champaign Jan. 3. In the third game defending champion Michigan will attempt to make it two straight victories for the season over last-place Northwestern (1-4) in the opening game of a collegiate double-header in Chicago Stadium. The Wolverines downed the Wildcats, 53-40, three weeks ago.

In the second game DePaul of Chicago will be seeking its 12th victory in 19 games this season when the Blue Demons play host to Indiana. The Hoosiers are in sixth place, the Big Nine race with two triumphs and three losses.

Waverly Clips Franklin Quintet By 73 To 48 Tally

Franklin—The Waverly Scotties clipped Franklin to the tune of a 73 to 48 score here last night.

Peters was top gunner for the winner with 23 points. White led the losers, netting 14 tallies during the evening.

The Waverly seconds edged the Franklin subs 43 to 41 in the curtain-raiser.

Chambersburg Five Nips Wilsonmen 54-48 In Hard-Fought Battle

Spike Wilson's ISD Tigers were handed their second set-back by the Chambersburg five on the Burger's boards last night by a 54 to 48 count.

The contest was a dog-eat-dog affair all the way. The Wilsonmen were determined to prove their loss to Chambersburg in the PMBC finals last week was a mistake, and the Red Raiders were just as anxious to gain another win.

The score was knotted at 8-all at the end of the initial quarter, but the host aggregation gained a 21 to 19 advantage at the intermission.

The Tigers fought back to come within one point of tying up the ball game in the third quarter, but lost their grip in the final inning to drop the battle 54 to 48.

Eddy Jackson, Chambersburg guard, led all scoring for the evening, netting 27 counters in the tussle. Leo Cecil marked up 20 points for the Jacksonville five.

The Tiger reserves won the curtain-raiser 47 to 38.

Two Youths Admit Killing Milkman

Chicago, Feb. 4.—Police said two Negro youths admitted today the fatal shooting of a milk wagon driver in a south side alley a week ago.

The body of the slain man, Fred C. Frank, 53, was found beside his horse-drawn wagon off South Michigan avenue last Friday.

Police Capt. Jerome Looney said the youths, held without charge, are Joseph T. Nelson, 17, and Ralph Draper, 19. He said Nelson admitted shooting Frank during a robbery attempt. He said Draper admitted taking part in the attempted robbery.

Hugo Grotius, who laid the foundations of international law, entered a university at 11, and was a lawyer at 15 years of age.

So. Jacksonville Graders Bump Off Blind Five 23-21

In a game at the I.S.B. gymnasium last Thursday night, the South Jacksonville grade five defeated the blind in a thrill packed game by a score of 23 to 21.

Kemp, a South Jacksonville guard led his team with 11 points. For the blind, once more it was forward Jack Killen, who accounted for one dozen points.

The game was highlighted by 25 personal and one technical foul. 16 of these were charged to the host team.

In the other contest the honors were reversed as the Blind seconds won 25-21. This game also was very exciting, and several times the score was deadlocked.

On Saturday night the I.S.B. team will play a game with the school alumni. This game is sure to be a thriller, because both teams have no strong love for each other. Richard Mize is expected to be the standout for the alumni, who graduated in 1942.

Perry Indees Upset Host Five In Nebo Tourney

The Perry and Canton, Mo., independent fives advanced to the finals to the Nebo Indee tournament by copping cage tussles from the host and Clarksville, Mo., quintets last night.

The Nebo-Perry fracas was hailed as an upset by pre-tourney dopsters. The host five had previously been favored to win their own tournament. Ray Schuman led the Nebo five in the scoring department with 28 points. Sweating was tops for the Perry Pioneers with 24 markers.

Tonight, Perry and Clarksville will tangle in the consolation match and Perry will meet Canton in the championship wind-up.

Stunning Upsets Mark 2nd Round Of 4-Ball Tourney

Hollywood, Fla., Feb. 4.—(AP)—Two stunning upsets marked second round play in the fourth annual women's international four-ball golf championship here today.

Mary Agnes Wall, Menominee, Mich., and Carol Gierke, Tiffin, Ohio, upset the favored team of Dorothy Kirby, Atlanta, Ga., and Dot Kieley, Los Angeles, one up in 18 holes.

Mrs. Grady McDonald, Atlanta, and Claire Doran, Lakewood, Ohio, upset Peggy Kirk, Findlay, Ohio, and national amateur champion Grace Lenzyk, of Deland, Fla., one up in 19 holes.

Polly Riley of Fort Worth, Texas, and Bea McWane of Birmingham, Ala., won over Jo Anna of Johannesburg, South Africa, and Mary Lena Faulk, Thomastown, Ga., 3 and 2.

Defending champions Pat Devany of Grosse Ile, Mich., and Marjorie Lindsay, Decatur, Ill., defeated Margaret Gunther, Memphis, Tenn., and Mary Sargent Pebble Beach, Calif., 2 and 1.

The most startling upset came when the Kirk-Lenzyk Duo blew up on the 18th and lost the hole to a par four made by Miss Doran. The Ohio miss then went on to win the match by dropping a four-foot putt on the 19th for a par.

In tomorrow's semi-finals, Wall and Dinger will meet Riley and McWane while Devany and Lindsay play McDonald and Doran over the 6,643-yard Orange Brook course.

Feller Will Sign New Contract In Coming Week

New York, Feb. 5.—(AP)—Bob Feller predicted today he probably would sign his 1949 contract "some time next week."

The Cleveland fireball pitcher, here to attend the 26th annual dinner of the New York Baseball Writers' association Sunday, said he expected little difficulty in ironing out his differences with President Bill Veck. He said he probably would confer with Veck tomorrow, but did not expect any decision until both got back to Cleveland next week.

"Actually there is not much difference between what Bill offered and what I asked for," Feller said. "It's just a matter of guessing on the home attendance next season. Bill believes the Indians will equal or better last year's record figure of 2,600,000. I don't."

"As I've said before, I'm willing to accept a cut—but only a slight one," Bob added. "I didn't have too bad a year in '48, and we won the world championship."

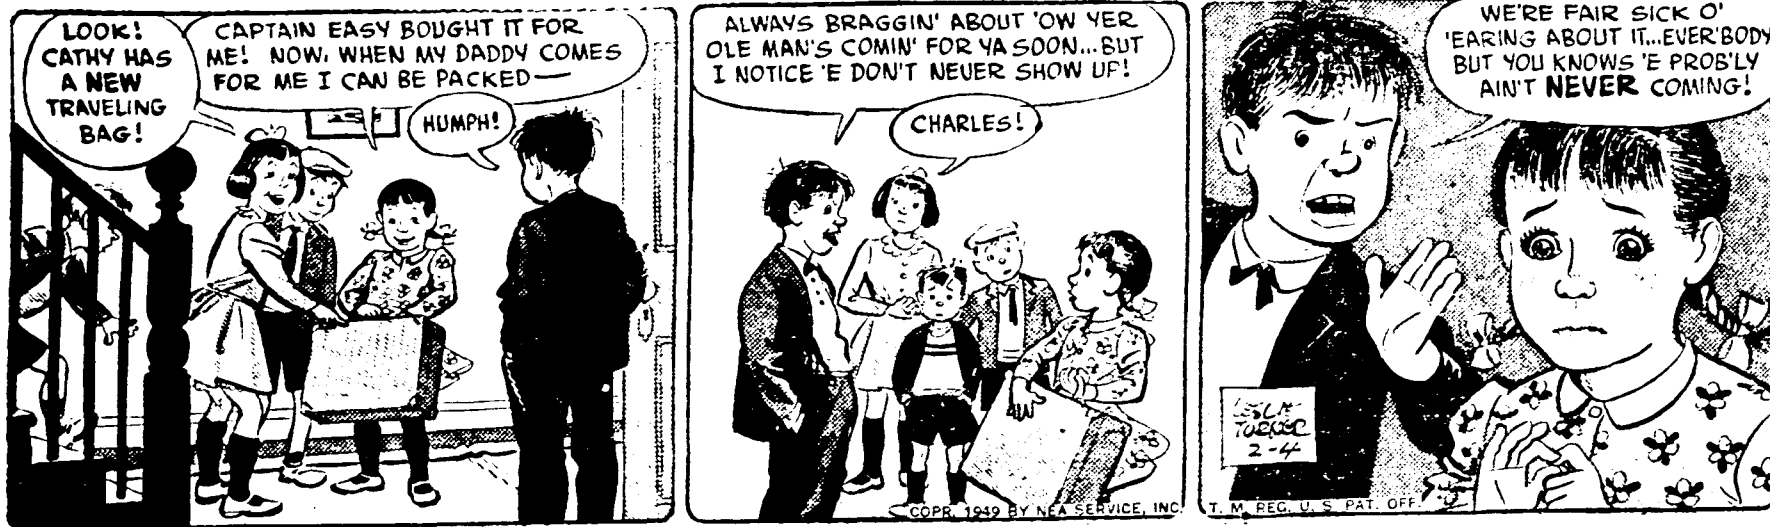

"The contract offered me in Cleveland last week called for the same base salary as last year—\$40,000, but the bonus based on attendance was revised. With one or two minor adjustments, I'm pretty sure Bill and I can get together."

Skee Riegel Ties Mangrum In Open Golf Tournament

Tucson, Ariz., Feb. 4.—(AP)—Amateur Skee Riegel reeled off a six-under par 64 today to move into a tie with Lloyd Mangrum, Chicago, Ill., for first place at the half-way mark in the \$10,000 Tucson Open Golf tournament.</

Two Candidates Launch Mayoralty Campaigns

HOAGLAND

Launching his campaign as a candidate for mayor in the Republican primary election to be held Tuesday, Feb. 22, Ernest L. Hoagland addressed a large group at a meeting held at the Jefferson school Friday evening.

Mayor Hoagland was introduced at the First Ward rally by Alderman Frank Baker, who paid tribute to Hoagland as a conscientious public servant and as one who has devoted himself untiringly for the best interests of the City of Jacksonville.

Declaring that he believed in frank and open discussion of campaign issues, Hoagland announced that he would speak at public meetings in each of the four wards in Jacksonville before the date of the primary election. "We are proud of the progress which has been made in this city and we want everyone to know the facts about their city government and their city utilities," Hoagland said.

"The gains which have been made have been accomplished on a balanced budget and without any general bond issue. Jacksonville is one of the few cities in Illinois which is free of public debt. To you taxpayers, this means that you have less to pay on your tax bills than citizens of other communities," Hoagland said.

As advancements which have been made for Jacksonville during his administration as Mayor, Hoagland listed water and light plant extensions and improvements, street improvements, sewer development and water main extensions. He reviewed the steps taken to put the city police and fire departments under civil service.

Concluding his address, Hoagland pledged himself to continue the operation of the city's water and light systems upon a business-like, non-partisan basis, and to keep the conduct of municipal affairs on a sound financial footing.

Entertainment at the Hoagland rally was provided by the Harmony Fro of WILDS and by Mrs. Minor Prather, who played several accordion selections.

WRIGHT

John S. Wright formally opened his campaign for mayor Friday night when he addressed a large group attending a ward meeting at the Lafayette school.

M. Brook Byus served as chairman. He introduced Eyrone E. Brune, Democratic candidate for alderman in the second ward; Vera H. Seaton, candidate for treasurer, and City Clerk John R. Phillips. Each responded with a short statement of policy and plans for the campaign.

The Democratic candidate for mayor told his auditors that he and the other Democratic candidates had had several talks on the issues involved and reported "general agreement on most of the problems confronting the next mayor and city council."

"We consider the city of Jacksonville as a huge business and feel that it should be operated as far as possible on a non-partisan basis." The speaker called special attention to the merit system, declaring, "we feel that it should be strengthened and extended."

Other subjects, which he said the candidates felt would be proper subjects for exploration by the city council, included public health in general and more specifically such sanitary measures as garbage collecting, street cleaning and the extension of water and sewer facilities.

The general subject of a milk ordinance for the city was also suggested as a field for inquiry by the new city council, Mr. Wright asserted, pointing out that the city has no such ordinance now.

The I.C. quartet sang three numbers.

Mrs. Nellie Hughes Of Waverly Dies; Services Sunday

Waverly—Mrs. Nellie S. Hughes of Waverly, widow of the late Dr. N. J. Hughes, died Thursday night at 10:20 at her home, 1020 N. J. Hughes, after an illness of three weeks. She was 85 years old.

Daughter of Joseph and Joanna Sharp, Mrs. Hughes was born Jan. 17, 1864 in Cincinnati, Ohio. On Dec. 18, 1890, at Cincinnati, she married Dr. N. J. Hughes, who died Nov. 18, 1942. The couple observed their golden wedding anniversary in 1940.

Mrs. Hughes' family has been prominent in Waverly for many years. Dr. Hughes practiced medicine here for 50 years, and was well known as an orchardist.

Mrs. Hughes, member of the Waverly Methodist church, was the last charter member of the Waverly chapter of Eastern Star. She was also a charter member of the Waverly Woman's club.

She is survived by three sons, Lowell of Waverly, Alfred of Hollywood, Calif., and Donald of Springfield; a granddaughter, Mrs. Lee Slaughter of Springfield, and two grandsons, Robert and Nelson Hughes.

The remains were removed to the Waverly Funeral Home here, where they will remain until the hour of the funeral.

Services will be held Sunday at 3 p.m. at the funeral home, with the Rev. Francis E. Smith of Mechanicsburg officiating. The Rev. Smith was formerly pastor of the local Methodist church. Interment will be in Waverly east cemetery.

Secret Navy Jet Bomber Crashes Into Pacific Ocean

El Segundo, Calif., Feb. 4.—A secret, jet-powered Navy carrier-type bomber crashed into the Pacific today. Its two veteran pilots were presumed dead.

Witnesses said the craft went into a steep dive at about 4,000 feet and spiraled into the sea in a matter of minutes. Two helmets were recovered near a part of a wing and an oil slick, but there was no trace of any bodies.

North American aircraft identified the occupants as Albert W. Conover Jr., 28, of Torrance, Calif., who flew the Navy's first jet plane, and Charles E. Brown, 35, of nearby Hawthorne, an air force hero credited with 15 kills over Europe.

A North American spokesman said there was no hint of what happened to the three-engine craft, still so secret the Navy has permitted an announcement of virtually no details of the crash.

The municipal airport tower in Los Angeles reported routine contact with the ship during the 18 minutes between its takeoff and crash. It said there was nothing from the plane to indicate anything wrong.

West Central Illinois Tax Bill Shows Sharp Increase Since 1945

Total property taxes in 14 west central Illinois counties combined have shown a substantial increase of 34% since 1945. This is slightly below the down-state average of 35 per cent increase, it was reported here last night by Illinois State Chamber of Commerce spokesmen.

Scott Car Skids And Overtakes On Texas Ice

Winchester—Word has been received here of an automobile accident involving Mrs. Dew H. Milstead and Warren Black, Wilton Milstead, who had been in Winchester on a visit, was returning to the University of Texas at Houston, accompanied by his mother and Mr. Black. Tuesday morning, near Carthage, Texas, the car skidded on an icy pavement and turned over. Mrs. Milstead sustained a fractured wrist, the other two escaped without injury.

Buyers Mullify Gift
George R. Peak, son of Mr. and Mrs. J. Ralph Peak of Winchester and a student at Illinois State Normal University, attended the Mullady Hampshire sale at Elgin early this week. Mr. Peak purchased a gilt No. 41, sired by 1-A and bred to Midwest, top service sire of 1948. 1-A was All-American boar in 1946 and sold for \$3,000. The Mullady sale is popularly considered the top Hampshire auction in the nation and the average sale price was \$489.

Brown Bomber Wins
Word was received Thursday that Mark Peak, showing at the Pat Stock show in Fort Worth, Texas, won first place in the harness pony class with "Brown Bomber."

Mrs. W. E. Harper entertained members of her bridge club Friday afternoon at her home.

Mrs. W. G. Watt arrived home Friday after attending Farm and Home Week in Champaign-Urbana.

Miss Joan Groat returned to Champaign-Urbana Friday to resume her studies at the University of Illinois.

Increases Vary
Over the past two years, tax increases for the 14 counties have been: Adams, 27; Brown, 52; Cass, 18; Christian, 41; Greene, 18; Hancock, 36; McDonough, 38; Macoupin, 37; Menard, 36; Morgan, 36; Pike, 24; Sangamon, 38; Schuyler, 25; Scott, 19.

Eight counties in the area have experienced an increase greater than the down-state average. Brown county tops the increase list, with a two year rise of 52 per cent. In that county, school taxes have risen 66 per cent since 1945, but city government costs were reduced 21 per cent last year. Sangamon county schools now cost taxpayers 58 per cent more than in 1945. In the 14 counties, an average of 56 per cent of all taxes went to the school systems this year.

There was a two year increase of 47 per cent in the amount extended for the 1948-49 year for 101 down-state counties, 58 per cent of all taxes in 1947 went for schools, and the amount increased 45 per cent over 1945.

Recommend Changes
Williamson recommended several "sweeping changes" to clear up the state's tax muddle:

1. Provide county assessment supervisors, and require use of modern assessing techniques.

2. Amend statutory tax rate limits to the "full-value assessment law" so that the full-value assessment law will not bring automatic taxing power increases after 1952 when the transition period provided by the legislature elapses.

3. Reduce local government bonding powers in relation to full-value assessments. Opponents of the law have recently broadened such powers.

4. Extend coverage of and enforce the 1937 budget act.

5. Set uniform fiscal dates for local governments.

6. Curb tax delinquency and its use as a tax avoiding device.

Reserve Fund Grows
Paul M. Fitch, of Mt. Vernon, member of the State C. of Social Security committee, said the unemployment compensation reserve fund for Illinois is at the half billion dollar mark. This is approximately \$180,000,000 larger than was contemplated as being the normal amount in the fund when the law was written, Fitch declared.

"The unemployment compensation payroll tax is the one tax that can and should be reduced in Illinois," he asserted.

He said the UC system is fast becoming a "dole system."

"Our law is set up so that when a person voluntarily leaves his job, or is fired for misconduct, or refuses to accept or apply for suitable work, he merely has to wait a minimum of three or four weeks or a maximum of seven weeks longer than a person absolutely entitled to benefits. Then he gets benefits, too," Fitch pointed out.

He recommended that the law be changed to disqualify these individuals until they have gone back to work and earned their rights under an insurance program "such as this law was intended to be."

Wilbur H. Kurtz, manager of the local Dunlap hotel and vice president of the Illinois State Chamber of Commerce, presided over the meeting. Before introducing the main speakers for the evening, Mr. Kurtz presented those at the speaker's table to the 100 members assembled at the meeting: R. Karl Baker, secretary of the local organization; Hugh Gibson, president of the Jacksonville group; K. E. Johnson, manager of the local security department in the state; George Lawrence, manager of the Tax Department, and E. F. Schaeffer, director of the Illinois Chamber of Commerce were recognized by the presiding chairman.

Introduce Senators Present
Mr. Kurtz also introduced several members of the Illinois legislature. Among those senators and representatives recognized were Russell A. Waters, D. Logan Giffin, Hugh Green, and Mel Lentz. These men had been invited to hear the criticisms and proposed changes of the issues at hand as presented by the speakers. Fitch and Williamson.

After the two 20 minute talks the issues were opened to discussion to the entire body present, and questions were answered by Mr. Fitch and Mr. Williamson.

Gov. Stevenson Is Forty-Nine Today

Chicago, Feb. 4.—(P)—Governor Stevenson will observe his 49th birthday anniversary tomorrow at a small family party at his Libertyville home.

The governor spent today at an office in the State of Illinois building in the suite of the finance department. He interviewed possible appointees to the State Commerce Commission and other top jobs which still are unfilled by Democratic nominees.

He plans to end the conferences tomorrow and return to Springfield Sunday.

All Day Quilting Held By Members Of Cass Church

Arenzville, Ill.—An all day quilting was held by the ladies of the Immanuel Lutheran Ladies Aid society Thursday.

The Rev. J. Schlichting held a topic discussion on "Living Our Faith," after which a brief business meeting was held.

Roll call was answered by 16 members.

The hostesses were Miss Cora Hoffmeier and Mrs. Lorraine Fricke.

"I'm Going Back To Jacksonville" Is Newest Tune

The first copy of the new song about Jacksonville, entitled "I'm Going Back To Jacksonville," has just been presented to Mayor Ernest Hoagland by R. K. Baker, secretary of the Jacksonville Chamber of Commerce on behalf of the National Publishing Company of Cleveland, Ohio.

The Jacksonville Chamber of Commerce, Illinois College and Marquette College are co-operative with the publishers in providing photographs that were used in making an attractive layout for the cover of the new song. The cover shows the famous four church corner, a bird's eye view of the city and several scenes from each of the two colleges. In addition it shows The Philharmonic Trio, a musical group of three local girls.

2 Russian Fliers Come To Virginia

Arlington, Va., Feb. 4.—Two Russian fliers, who made their exit from behind the Iron curtain in a "borrowed" plane, arrived in Virginia today where they'll have a chance to make their own check on the "Voice of America."

Lis. Peter Pirogov, 27, and Anatol Barson, 31, reached National airport shortly before 4 p.m., CST, from Westover field, Mass., first stop on their trip which was inspired by a "Voice" broadcast.

So with the help of the Virginia State Chamber of Commerce and U. S. military authorities, to say nothing of much promised southern hospitality, they'll get to see all for themselves.

Pirogov, speaking in halting English, said "we are very glad to be in America."

Latin American Art On Display At I.C.

An exhibition, Latin American Art, opened Friday in Tanner library at Illinois college. Sponsored by the department of art, this exhibition is loaned by the Division of Intellectual Cooperation of the Pan American union. It includes reproductions of modern Mexican paintings, seven Latin American artists and a collection of Latin American crafts objects.

Among the modern Mexican painters is the popular Diego Rivera, whose portrait of a "Mathematician and a Section of a Mural" is included in the show. "Mexican Sunrise" by David Siqueiros shows the rich color and vigorous style typical of Mexican artists. Orozco, represented by a self portrait, is another of the top three Mexican painters. Colorful prints show native customs and characters from Colombia, Uruguay, Guatemala, Chile, Mexico, and Cuba. Outstanding is Carreno's "Cuba Libre," a lively scene of celebrating peasants in a staccato composition. The gay and colorful "The Conquistadors" by Carlos Merida, famous artist from Guatemala.

On the second floor landing of the library a group of Latin American hand made toys and useful objects is on display. There is a straw doll and straw rat toy from Mexico; a Peruvian woven purse in the shape of a llama, a brightly decorated pair of mittens from Antiplano, the Andean plateau of Bolivia and Peru. Carved gourds, tiny Guatemalan wooden masks, a wooden hat top and an owl whistle are also exhibited.

This exhibition of Latin American art will be on display until Feb. 21. Tanner library hours are 8 to 5 Monday through Friday; 7 to 10 Monday through Thursday; 8 to noon Saturday, and 2 to 5 p.m. Sunday.

Calhoun County Orchards Damaged By Ice Storm

Jerseyville—The recent ice storm did only minor damage to orchards in the Calhoun area, according to Al Retzer of the Hamburg vicinity who was a Jerseyville visitor Wednesday morning.

The elms and other shade trees suffered severe damage from the weight of ice, Retzer stated, but the apple and peach tree orchards where the trees have been systematically tripped each year preparatory to bearing the weight of heavy fruit crops of the Calhoun and Jersey district continue favorable.

Retzer indicated. The present month of February is the time when an unusually warm weather may be expected to damage a certain amount of fruit trees.

Retzer said that the damage to the peach trees was not as serious as the damage to the apple trees. The peach trees were not as heavily laden with fruit as the apple trees were.
